Symptom Monitor and Pain Questionnaire

We take a whole-person approach to your symptoms. We recognize that pain, bladder/bowel symptoms, muscle spasm and other symptoms have both a physical and emotional component to them. To get to the root of your problem(s), we will be asking you many questions that will help us to fully assess your problem and the impact that it is having on your life. If any of these questions don't apply to you or your symptoms, just leave them blank. Thank you for taking the time to share your story with us!

Presenting symptoms ____

____

When/How did this start? ____

____

What makes your pain/symptoms better? ____

What makes your pain/symptoms worse? ____

Have your pain/symptoms spread from its original problem? ____

Are you sensitive to light touch or pressure? ____

What do you think is causing your problem? ____

What do you think needs to be done for your problem that has not been done already?____

Please mark the appropriate diagrams – indicate where your symptoms are and describe as appropriate

Social History- ***to be filled out by everyone***

Childhood traumatic experiences are linked to adult chronic disease such as heart disease, cancer, diabetes and persistent pain. The following questions will give you your ACE score. Research shows that when people have had an opportunity to talk about adverse childhood experiences, the link to health problems is reduced.

Were you physically abused as a child? ☐ Yes ☐ No

Were you touched sexually against your will as a child? ☐ Yes ☐ No

Were you emotionally abused as a child? ☐ Yes ☐ No

Did you experience physical neglect as a child? ☐ Yes ☐ No

Were your parents divorced when you were a child? ☐ Yes ☐ No

Did you experience emotional neglect as a child? ☐ Yes ☐ No

Did anyone in your house have mental illness as a child? ☐ Yes ☐ No

Was your mother treated violently when you were a child? ☐ Yes ☐ No

Did you have an incarcerated relative when you were a child? ☐ Yes ☐ No

Was there substance abuse in your household as a child? ☐ Yes ☐ No

Are you: ☐ Married ☐ Widowed ☐ Separated ☐ Single ☐ Remarried

☐ Divorced ☐ Committed relationship

Who lives in your home? ______________________________________

Who supports you when you are in pain? ______________________________________

How does your pain affect your family? ______________________________________

What type of work are you trained for? ______________________________________

What type of work are you doing? ______________________________________

Do you like your job? ______________________________________

Have you ever been for counseling? ______________________________________

Insomnia Severity Index

Please fill out if you struggle with sleep. For each question, please CIRCLE the number that best describes your answer. Please rate the CURRENT (in the last two weeks) SEVERITY of your sleep problems.

Insomnia Problem	**None**	**Mild**	**Moderate**	**Severe**	**Very Severe**
1. Difficulty falling asleep	0	1	2	3	4
2. Difficulty staying asleep	0	1	2	3	4
3. Problems waking up too early	0	1	2	3	4

4. How SATISFIED/DISSATISFIED are you with your CURRENT sleep pattern?

Very Satisfied	Satisfied	Moderately Satisfied	Dissatisfied	Very Dissatisfied
0	1	2	3	4

5. How NOTICEABLE to others do you think your sleep problem is in terms of impairing the quality of your life?

Not at all Noticeable	A Little	Somewhat	Much	Very Much Noticeable
0	1	2	3	4

6. How WORRIED/DISTRESSED are you about your current sleep problem?

Not at all Worried	A Little	Somewhat	Much	Very Much Worried
0	1	2	3	4

7. To what extent do you consider your sleep problem to INTERFERE with your daily functioning (e.g. daytime fatigue, mood, ability to function at work/daily chores, concentration, memory, mood, etc.) CURRENTLY?

Not at all Interfering	A Little	Somewhat	Much	Very Much Interfering
0	1	2	3	4

The Fremantle _____________ Awareness Questionnaire

This questionnaire has been tested on those people who have back pain. It measures how people with low back pain are aware of how their low back moves and functions. We have adapted this questionnaire to measure your MOST painful part. Choose one body part and put it in the ____________ area for each question. Use the same body part for ALL questions. Using the following scale, please indicate the degree to which your painful body part feels this way when you are experiencing "your typical" pain.

	Never	Rarely	Occasionally	Often	Always
1. My__________ feels as though it is not part of the rest of my body	0	1	2	3	4
2. I need to focus all my attention on my ___________ to make it move the way I want it to	0	1	2	3	4
3. I feel as if my __________ sometimes moves involuntarily, without my control	0	1	2	3	4
4. When performing everyday tasks, I don't know how my __________ is moving	0	1	2	3	4
5. When performing everyday tasks, I am not sure exactly what position my __________ is in	0	1	2	3	4
6. I can't perceive the exact outline of my __________	0	1	2	3	4
7. My __________ feels like it is enlarged (swollen)	0	1	2	3	4
8. My ___________ feels like it has shrunk	0	1	2	3	4
9. My __________ feels lopsided (asymmetrical)	0	1	2	3	4

PCS Questionnaire

(Reference: Quartana et al. 2009)

Everyone experiences painful situations at some point in their lives. Such experiences may include headaches, tooth pain, joint or muscle pain. People are often exposed to situations that may cause pain such as illness, injury, dental procedures or surgery.

We are interested in the types of thoughts and feelings that you have when you are in pain. Listed below are 13 statements describing different thoughts and feelings that may be associated with pain. Using the following scale, please indicate the degree to which you have these thoughts and feelings when you experience pain.
0 = not at all 1 = to a slight degree 2 = to a moderate degree 3 = to a great degree 4 = all the time

When I'm in pain………

(H) _______ I worry all the time about whether the pain will end

(H) _______ I feel I can't go on

(H) _______ It's terrible and I think it's never going to get any better

(H) _______ It's awful and I feel that it overwhelms me

(H) _______ I feel I can't stand it anymore

(M) _______ I become afraid that the pain will get worse

(M) _______ I keep thinking of other painful events

(R) _______ I anxiously want the pain to go away

(R) _______ I can't seem to keep it out of my mind

(R) _______ I keep thinking about how much it hurts

(R) _______ I keep thinking about how badly I want the pain to stop

(H) _______ There's nothing I can do to reduce the intensity of my pain

(M) _______ I wonder whether something serious will happen

TOTAL: _______

Patient name: ________________________________ DOB: ______________ Date: ______________

PANAS

(Reference: Watson, D., Clark, L. A., & Tellegan, A. 1988)

This scale consists of a number of words that describe different feelings and emotions. Read each item and then list the number from the scale below next to each word. Indicate to what extent you feel this way right now, that is, at the present moment *OR* indicate the extent you have felt this way over the past week. Please circle if you used this measure for the present moment or over the past week.

1	2	3	4	5
Very slightly or not at all	**A little**	**Moderately**	**Quite a bit**	**Extremely**

1. _____ Interested
2. _____ Distressed
3. _____ Excited
4. _____ Upset
5. _____ Strong
6. _____ Guilty
7. _____ Scared
8. _____ Hostile
9. _____ Enthusiastic
10. _____ Proud
11. _____ Irritable
12. _____ Alert
13. _____ Ashamed
14. _____ Inspired
15. _____ Nervous
16. _____ Determined
17. _____ Attentive
18. _____ Jittery
19. _____ Active
20. _____ Afraid

Pain Self-Efficacy Questionnaire PSEQ-2

(Michael. K Nicholas, PhD, Brian E. McGuire, PhD, and Ali Asghari, PhD)

Please rate how **confident** you are that you can do the following things at present, **despite the pain.** To indicate your answer circle one of the numbers on the scale under each item, where 0 = not at all confident and 6 = completely confident.

Remember, this questionnaire is not asking whether or not you have been doing these things, but rather **how confident you are that you can do them at present, despite the pain.**

1. I can do some form of work, despite the pain ("work" includes housework and paid and unpaid work)	0 Not at all confident	1	2	3	4	5	6 Completely confident
2. I can live a normal lifestyle, despite the pain	0	1	2	3	4	5	6
